

CHAIRS TOKYO

Designed by **Josep Llusà**

DESCRIPTION

According to Josep Llusà's own definition, this chair has an "oriental aroma", since the intersection of the shapes is reminiscent of the Torii and other Japanese architectural pieces. At first glance, you can see the balance between lightness, functionality and ergonomics that come together. Resistance, both indoors and outdoors, durability, ease of maintenance and transport are essential elements that are part of his personality.
