

TABLES BINI

Designed by **Joan Gaspar**

DESCRIPTION

BINI is light. It looks light and it really is. It lets the air pass through, while the shadow its frame casts is attractive and evocative.

Its shape reminds us of the cane chairs we keep in our memories over the years, but with their shapes and materials clearly revamped.

It's stackable, comfortable and comes in two versions - a low armchair and a chair.

It has an arm built into its frame, a line that provides rest and seclusion. Highly comfortable and versatile, Bini is available in 6 trending colours that help influencers to decide on the top option that best adapts to its setting."
