

TABLES BINI

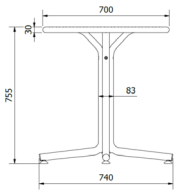

Designed by **Joan Gaspar**

DESCRIPTION

Bini is a complete collection consisting of a chair, a lounge chair, a stool, a table, and a side table. The chair, lounge chair, and stool are lightweight – they look light and genuinely are. Their structures are very delicate, allowing air to pass through, and the shadows they cast are both attractive and suggestive. Formally, they evoke the classic cane chairs and armchairs retained in memory over the years, but they have been reinterpreted both in form and materials.

Bini is complemented by a table and a side table available in two heights and two versions: entirely in polypropylene or with a polypropylene base and an HPL top. The collection is available in six trendy colors, making it easy for designers to choose the best option that suits their environment.
