

## CHAIRS SMART

Designed by **Javier Cuñado**

### DESCRIPTION

With the SMART chair we wanted to create a different user experience. It was about generating a nice concept, with dynamic shapes that transmit movement and flow with sensuality, with a fresh touch and very careful details. Its personality is not at odds with its functionality and great versatility. It is attractive, light and surprisingly robust, with a wide range of colors capable of blending into very diverse environments.

SMART is a proposal that will not leave you indifferent.

### SMART CHAIR

Chair for indoor and outdoor use. Manufactured in polypropylene with fibreglass using gas-assisted moulding technology. UV protection.

#### MEASUREMENTS

W 49,3cm × L 55,8cm × H 81cm × Hs 47cm
